Dear Prospective TESOL Certificate Participant,

Thank you for your interest in the School for International Training TESOL Certificate courses we offer at our school in Northampton. The enclosed ‘Fact Sheet’ outlines the focus of these certificate programs and details the type of instruction provided. These courses in Teaching English to Speakers of Other Languages are 130-hour accredited programs developed with World Learning’s School for International Training in Brattleboro, Vermont.

Former participants have said the following about our TESOL Certificate programs:

- “I learn by doing, so this was the program for me.”
- “These five weeks not only gave me enough input, materials, suggestions in all areas taught (teaching, speaking, listening, reading, writing, culture, etc.) to make me confident that I can actually teach ESL students, but also made me want to teach.”
- “I’ve taught (social science) for twenty years and came away with fresh ideas and techniques to use in an ESL classroom. The teachers were tops, the curriculum complete and well organized.”
- “Be prepared to live, breathe and eat TESOL for 4 weeks.”

As these participants have stated, the intensive program is designed to offer the skills essential for teaching English to students of other languages. It concentrates on both class instruction and practice teaching with ESOL students.

There is a limit of twelve participants; therefore, interested candidates should return the enclosed application form as soon as possible with the application fee and tuition deposit (see enclosed payment information sheet). When we receive your application and deposit, we will contact you to schedule an interview (over the phone or in person) to discuss the reflective questions found on page six in this packet. We cannot accept you into our program until you have sent in your application and have had your interview.

For any further information, please contact me at karine@ili.edu or (413) 586-7569 x107.

I look forward to hearing from you.

Sincerely,

Karine Roesch

You can pay the fee by credit card using the on-line form I-901.

**Additional Information**

Each U.S Embassy is responsible for issuing visas. Please visit [http://usembassy.state.gov](http://usembassy.state.gov) and click on your country. Information can be found at the Education USA Centers by visiting their website at [http://educationusa.state.gov](http://educationusa.state.gov). Advisors at Education USA Centers provide support for students in their home countries.
The purpose of the interview is to make sure that prospective participants in the program are clear with the requirements of the course and to make sure that this course is appropriate for the participant.

Please take some time to reflect on the following questions that will be addressed during your interview.

1. What do you know about the TESOL Certificate course? What are your goals for your learning during this course? (please make them specific, measurable and attainable)

2. Think of yourself as a learner. What factors contribute to your success? What factors make you less successful? Do you have a preferred way of learning things? What helps you learn most effectively, for example: having someone tell you how to do something; watching someone do it and then trying it yourself; reading about it...?

3. The SIT TESOL Certificate course requires you to participate in a lot of group work, from the workshop sessions, to planning lessons, and to teaching your students. Consider how you work within a group framework. What have some of your past group experiences been like? What made the positive experiences successful, and what made the challenging experiences difficult?

4. The SIT TESOL Certificate course is extremely intensive and rigorous. The days are very long, there are reading and written assignments that you are required to do outside of class, and you will find you have little, if any, free time. Think about how you function when you fell pressured or stressed. How do you react? What are your most effective methods of dealing with stress? What specific strategies do you have to help yourself if you begin to feel pressured, stressed, or overwhelmed?

5. What do you thing your strengths as a teacher might be?

6. What do you think might be a challenge for you as a teacher?

CANCELLATION & REFUND POLICY

If a participant decides not to attend a course to which s/he has been accepted, s/he may apply the $300 non-refundable deposit to another course within 6 months. If the candidate is not accepted or the course is cancelled due to low enrollment, the $300 deposit will be returned (along with the $100 housing search fee, if applicable). If a participant withdraws in the first two days of the program, s/he can receive half of the tuition payment back, minus the non-refundable deposit. Non-native speakers who decide to withdraw from the course in the first two days due to language difficulties will also receive half their tuition back minus the non-refundable deposit. There will be no tuition refunded after the first two full days of the course. If a participant must withdraw mid-course for serious medical reasons or because of a family emergency, and can provide a doctor’s certificate confirming the situation, s/he can re-enroll within 6 months without payment of further fees. There will be no refund.

OBTAINING THE TESOL CERTIFICATE

Acceptance into the course is not a guarantee that a participant will receive the certificate. If a participant has not successfully completed or mastered any segment of the course, or has not completed the written work satisfactorily, the participant will not be awarded the certificate, but rather will be awarded a letter of learning instead. If trainers decide that a non-native English speaker’s English skills are inadequate to teach advanced level students, the participant will not be awarded the course certificate, but rather will be awarded a letter of learning instead.
Health insurance is mandatory. Fees may be waived if you have a policy that will cover you while in the U.S. You must bring a copy of your policy with you.

**HOW THE MEDICAL EXPENSE BENEFIT WORKS**

If you are injured or become ill during your stay and require medical attention—such as treatment from physicians, hospitalization and medication—the costs of services are your responsibility. Gateway USA can help protect you against the unexpected medical costs for covered medical services during a period of coverage (the number of months for which you request and pay for insurance), the Gateway USA plan works like this:

You are responsible for the first $150 of covered medical expenses (called the deductible). For the next $5,000 of covered medical expenses, the Plan pays 80% of the cost; you are responsible for the other 20% (called the co-insurance). After your deductible and co-insurance are met ($150 + $1,000), the Plan pays 100% of the remaining covered medical expenses up to the medical expense maximum you choose—$50,000 for Plan A or $100,000 for Plan B—or the maximum benefit period, whichever occurs first.

A listing of medical expenses that are covered under the Plan, and those that are not covered, as well as the maximum benefit period are described in the Description of Benefits section in this brochure. Here are other positive features of the Plan:

* The deductible and co-insurance are applied only once during each period of coverage.
* The medical expense maximum is applied to covered expenses for each separate, distinct and unrelated condition.
